## **Professional Photography for Your Life's Events**

Yes the Wowtrucks Calendar features trucks, but to Dave, his photography is just as much if not more about the people.

With a Photography Certificate from S.A.I.T. David photographs wedding/family and commercial shoots that produce marketing images for companies like Shell, On-Site Equipment & others.

The truck & family shoots include one hour at up to two locations within a short distance of each other. Travel costs may be added on.

The Wedding price includes \$1000 to spend on photo products after the wedding, an engagement shoot and full day coverage of your special day!

**Truck Shoot: \$245 for one hour**

**Family Shoot: \$245 for one hour**

**Weddings: \$2995**
